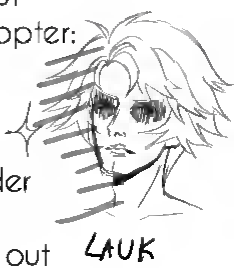
TO BE CONTINUED IN CHAPTER 4

Hello everyone! Thank you for reading this chapter of Rengoku no Kamo. ♡

We had a few problems when our lead PR guy went on hiatus but somehow we managed to get this done!

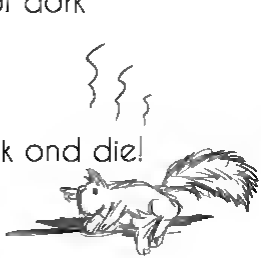
Thanks to my hastily-put-together team, but special thanks goes to the MVP of this chapter: Louk with his magical screentone powers. (Seriously, I dunno how he does it.)



From now I reckon things will only get harder since I'll be off co-op and back to school shortly but we'll all do our best to get this out to all of ya. Fight! ⅋ ♡

For now I leave you with a single line of dork humour:

Page 8
Original line: ... You'll get hit by a truck and die!
Suggestion: ... You'll [be roadkill.]



Have a great one!
